La Joya

Ring Size Guide

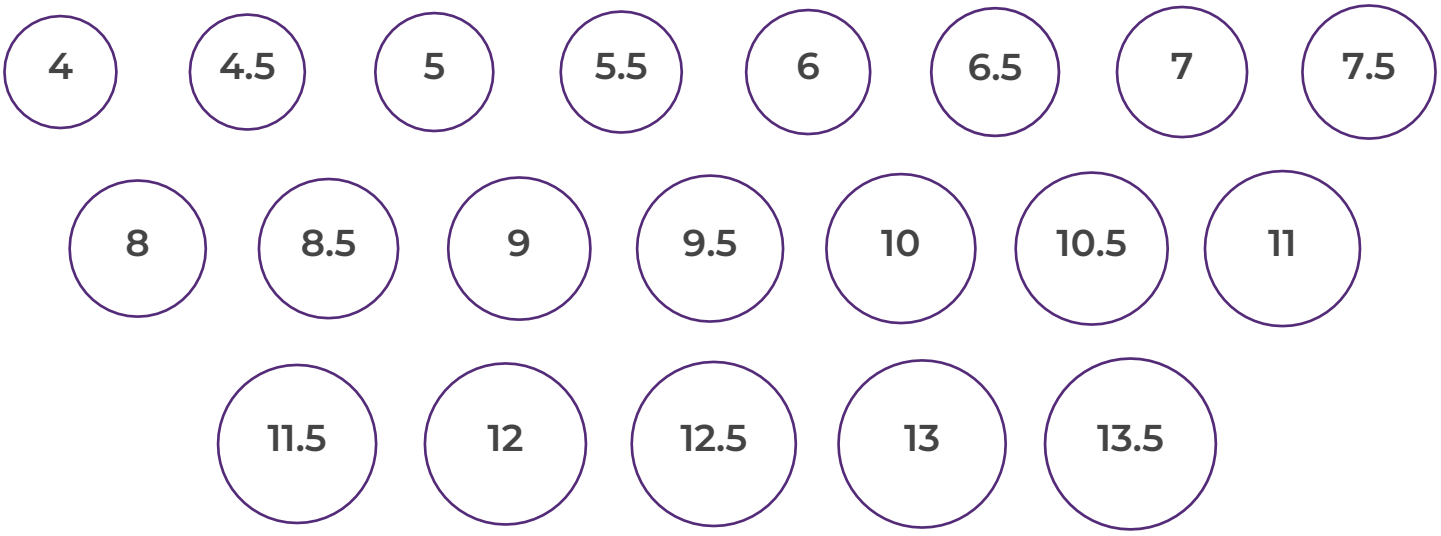

Before measuring your ring size, be sure this guide is printed in US Letter size paper and scaled to 100%. You can check the accuracy of your print by positioning a credit card on the line below. If the card lines up, you're all set.

Place Credit Card Here.

OPTION 01

Measure By Matching Your Existing Ring

To find your With Lajoya ring size, use an existing ring that fits you well. Match the inside of that ring with one of the circles below. When your ring has been placed on the right size, you should only see the white circle with no white space inside your ring. If your ideal fit falls between two sizes, we recommend choosing the larger sizes.

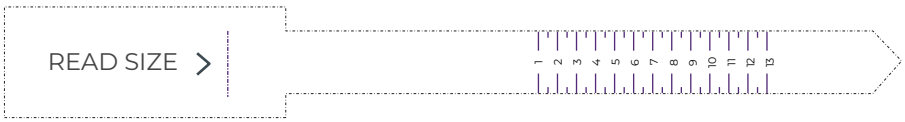

OPTION 02

Measure With Ruler

After you cut out the ruler, carefully cut the line to create a slit. Wrap the ruler around your finger at the base and pull the tapered end through the slit. To make sure the ring will fit comfortably, we suggest also measuring your knuckle. We recommend selecting a size that goes on and off your finger easily.

Note: Sizing availability is specific to each product, though some larger rings can be sized down. Ring size may also vary slightly depending on style of the ring.

Cut on the dotted line
